Returned, with compliments, to the Chief Secretary to Government, Bangalore.

We have no Air-Conditioning Units in service throughout the State. Therefore the question of sparing any unit for the War Department does not arise.

The Hon'ble the British Resident may kindly be intimated accordingly.

OFFICE OF THE DIRECTOR,

D. O. No. 26-392-34/42-43

Bangalore, dated...30th..January..1943.

Dear Sir,

Subject. Air-conditioning units - availability  
in Mysore.Reference: Your D.O.No.3161-62/W dated 19-1-43.  
-----

As far as I am aware, air-conditioning units of high capacity are used in the local textile mills especially in the Weaving Departments. But they are of a nature which cannot be transported and they are being fully utilised for production work. The Mills are wholly or partly on War work.

As far as Mysore State is **concerned**, air-conditioning plants are generally not made use of on account of the equable climatic conditions. As far as I am aware, besides the textile mills, no other factories in the State or private individuals use such plants.

Yours sincerely,
